

From 2015 on we will stop with the Yellow flags, because we are running out of combinations. We will also stop with Dark Blue and Lime. Dark Blue is often confused with Dark Green. Lime is not available anymore.

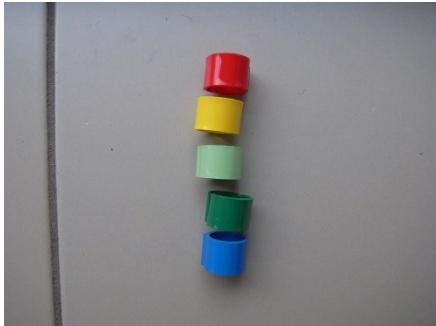

We will start with Black flags and rings and with Light Blue flags and rings.

Be aware!

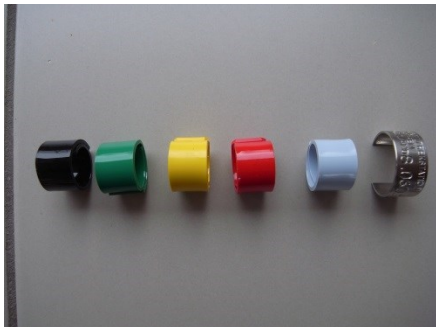

The metal ring was and is part of the combination and the place where the metal ring sits is important.

The old ringing combination consist of: 1 flag (yellow, green, blue or red), 4 colour-rings and 1 metal ring.

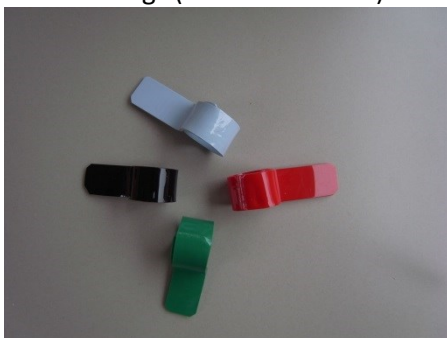

These are the old colours

These are the new colours

The new flags (Red=Mauritania)

The metal ring is also part of the new combination and the place where the metal ring sits is important. The new ringing combination consist of: 1 flag (black, green , lightblue or red), 4 colourrings and 1 metal ring.

For the Netherlands and Belgium:

Black flag (Nf) N=Noir

Metal ring (a)

R(ed), Y(ellow), G(reen), Black (N(oir), Light Blue (P(ale)
